- Research & Development Eng.
- Purchasing/Procurement
- Facilities Eng./Eng. Support
- Marketing & Sales
- Environment, Health & Safety
- Government/Public Policy
- Financial/Industry Analyst
- Training

MAIN COMPANY PRODUCT

Device Manufacturing and/or Services

- Semiconductor (IC or Discrete Device Mfg./IDM).
- Wafer Fab Foundry Serv. Provider
- Test, Assem. & Pkg. Contr. Svc. Provider
- Fabless
- MST/MEMS/Micromachines
- Nanotechnology
- FPD/LCD
- Optoelectronics; Photonics
- Photovoltaic
- Solar Thermal
- Solar Architecture
- Passive Components

Materials

- Wafers & Substrates
- Process Materials
- Chemicals & Solids
- Gases
- Masks/Mask Making Materials
- Test Materials
- Assembly & Pkg Mtls.
- FPD Materials
- Nanotechnology Materials
- Photovoltaic Materials
- Solar Thermal Equip.

Sub-systems or Components or Parts

- Sub-systems
- Components, Parts & Accessories

Equipment Manufacturers

- Wafer Processing Equip.
- Test Equipment
- Assembly & Packaging Equip.
- Inspection & Meas. Products
- Material Handling Equipment
- FPD Manufacturing Equip.
- MEMS Equipment
- Nanotechnology Equip./Tools
- Photovoltaic Equipment
- Solar Thermal Equip.

Other Products and Services

- Factory Control Automation/Facilities
- Software Provider
- Manufacturing Svc. or Consulting
- Business Svc. or Consulting
- Support Products (incl. consumables)
- Wholesalers / Distributors
- Service Company (Financing, Maintenance)
- Roofer
- Architect
- Project Developer
- Technical Planner
- Energy Consultant
- Electrical Installation Company
- Heating and Cooling Installation Company
- Public Utility (Gas, Electric)

AREA OF INTEREST

Equipment

- Wafer Processing Equipment
- Bumping Systems
- CMP
- Cleaning
- Coat/Develop/Resist Process Track
- Crystal Growing & Machining
- Deposition (CVD, PVD, ALD, Plating)
- Thermal Processing
- Epitaxy Equipment
- Etching/Stripping/Ashing
- Ion Implantation
- Lithography/Exposure
- Transfer Sys. for Wafer or Reticles
- Wafer Identification/Marking
- Test Equipment
- Assembly & Packaging Equip.
- Inspection & Measurement Products
- Material Handling Equip.
- FPD Manufacturing Equip.
- MEMS Equipment
- Nanotechnology Equipment/Tools
- Photovoltaic Equipment
- Solar Thermal Equip.

Other Products and Services

- Sub-Systems
- Components Parts & Accessories
- Factory Control Automation/Facilities
- Support Products (consumables)
- Used Equipment
- Environmental Health & Safety
- Manufacturing Ops. Software
- Communication Software
- Design Software
- Simulation, Analysis, Modeling Software
- Mfg. Services. or Consulting (incl. serv/consult. directly related to Mfg.)
- Business Services or Consulting

Materials

- Wafers & Substrates
- Process Materials
- Chemicals & Solids
- Gases
- Masks/Mask-Making Materials
- Test Materials
- Assembly & Packaging Materials
- FPD Materials
- Nanotechnology Materials
- Photovoltaic Materials
- Solar Thermal Equip.

SOLAR

- Photovoltaic cells and modules
- Equipment and materials
- Inverters
- PV concentrator systems
- PV power plants
- Photovoltaic installations and components
- Tracking systems
- Solar thermal applications for heating, process heat and cooling
- Collectors
- Solar facades and roof elements
- Solar storage tanks
- Solar thermal power plants
- Measurement and control technology
- Planning and consultation services
- Solar chargers and batteries
- Mounting systems for solar installations
- Planning software for solar systems
- Solar research and solar-powered small devices
- Consumer Products
